Request

Request ID	792691
Confirmation ID	792131

I am writing to submit a request for public records pertaining to the Shpack Superfund site located in Norton and Attleboro, Massachusetts (the “Shpack site”) in connection with an entity by the name of Swank, Inc. (“Swank”). On June 7, 1990, Swank received notice from the United States Environmental Protection Agency (“EPA”) that they had been identified as Potentially Responsible Party along with fifteen others (collectively, the “PRPs”). Swank, along with six other PRPs subsequently entered into an administrative order by consent pursuant to which, inter alia, they undertook to conduct a remedial investigation/feasibility study with respect to the alleged contamination of the Shpack site. I would like to request a search of the EPA files for the following document types relevant to cooperation between EPA and Swank in connection with the Shpack site: • Any evidence identifying Swank’s initial defense counsel • Any evidence referencing whether Swank’s counsel’s costs were covered by Swank’s legacy insurers • Any files related to Swank’s historical insurance coverage • Evidence of insurance policies issued to Swank submitted to EPA • Records of any insurance claims made by Swank If possible, I would prefer to receive electronic copies of all requested material.
